President's Corner

“Compare and despair.” Or, don’t.

I was walking through a new neighborhood the other day and saw what I considered to be a gorgeous house. It was large, architecturally beautiful, and had a professionally landscaped yard. My immediate thought was “I bet they have a nice life” (read: nicer than mine). Intellectually I know this is a ridiculous thought. That a beautiful house does not equate to a great life. That we don’t know what happens behind closed doors, and that the outsides don’t always mimic the insides (and yes, I already have a great life). But we all do this comparison at times, and perhaps more often than not with our quilts. We go to a quilt show planning to get motivated and inspired, but instead leave feeling as if our quilts aren’t good enough. Or, we don’t participate in a guild challenge or share during show & tell because we think that we could never make something as good as _____ (fill in the blank with the quilter you most admire). But this kind of thinking just holds us back from doing and sharing something we enjoy for that reason alone - the joy of it.

The quote in the heading was from an article I read a few years ago about the dangers of Social Media where people post only the good stuff, making it look as if their life is better than ours (like a large architecturally beautiful house with a professionally landscaped lawn!). And the truth as we all know it is that nobody’s life - and nobody’s quilts - are perfect. Each and every one of us, from first time quilters to those we consider to be top quilters, makes mistakes and produces quilts that are less than perfect. But the important thing is that we keep making them because they are something that brings us, and hopefully others, joy. As a case in point, be sure to read Carol Clarke’s article about her trip to Liberty of London later in the newsletter.

So, going forward, we have a choice: compare and despair, or don’t. I am choosing the latter!

Table Talk

After last month's fun Recycle, Reuse, Reduce meeting a visit to the free table may be viewed in a new light! Or, as Jeanne Hechmer pointed out to me, at least visit the free table for the social connection and interaction.

Both Kitty Reiser and Esther Montgomery have delivered to me really nice things to be sold for 100% Bayside. I will be bringing some every month to sell.

Thanks to both Kitty and Esther. Be sure to check out the table in the back.

Bayside Quilters Meeting Minutes

April 10, 2024

The April meeting was called to order by President Jackie Granger at 9:30 am. There were no new members, but we welcomed one guest, Kate Tilman from Easton.

Previous Minutes: Lou Diefenderfer requested we add this paragraph to the February minutes: The February Program was a challenge completed and presented by members of the Modern Quilt Bee. Members had participated in a monochromatic color challenge, creating an 18" x 36" quilt using variations of only one color. The results were impressive and well received by the guild.

There were no minutes from March since it was the Outreach Sewing-In.

New business: Jackie thanked Sharon Miller and Marianne Hamilton for volunteering to be the Program Chairs for the 2024/25 year. Voting for new Board members will be at the May Meeting, as will a survey for how we want to spend our "extra" Handmade Sale income.

Lorraine Sincavage from Haven Ministries attended the meeting to sell raffle tickets for their Amish-made Mariners Compass Quilt.

Treasurer's Report: In Lisa Schober's absence, the treasurer's report was given by Dael Cowdrey. A copy will be filed with the secretary's minutes.

Committee Reports Outreach: Pat Massimini reported that easy quilt patterns, the mammoth-pillow pattern, and the mini stockings pattern are all on-line under the members only section of the Bayside website. Thank you notes from Playmusuem and Talbot Hospice were read. Approx. 25 members attended the March sew-in. Several members stopped by and took kits home to finish at home.

Programs: Becki Combs talked about the May meeting/class with speaker/teacher Rachel Derstine. The meeting will be at the firehouse with the class (mini landscape) being held by zoom at participating members' homes in the afternoon. The cost of the class is \$30. A kit is available for \$25 on Rachel's website. Please sign up if you're interested. The June 12 meeting will be held at the Trappe Firehouse, and we will have speaker, Deborah Boschert doing a zoom presentation/lecture called "All about Art Quilts." An afternoon field trip to Coventry Quilting has been planned by Becki and Kathy Taylor (owner). Kathy will present a longarm demo.

4-H: Lou Diefenderfer attended a 4-H Awards banquet and accepted a commendation presented to Bayside Quilters.

Handmade sale: Bayside donated \$500 to the Trappe Volunteer Fire Company for the use of the firehouse during the Handmade Sale in November 2023.

Bees: no report

Announcements: 50/50 winner was Patti DeWitt; winner took home \$53 and \$53 went to the guild. 2 Name tag drawings - thank you to Katie Wyatt for our prizes. The winners were Trisha Habermann and Debbie Brobst (Debbie gave her prize to Meri!). The prizes were:

- Hello Honey! Panel , Studio E Fabrics, a Division of JafTex, Shipping: Soon
- Quilted Kitties Panel plus assorted yardage, Henry Glass Fabrics, a Division of JafTex, Shipping: Now

Show & Tell: Several members showed their latest projects.

April Program: Becki Combs introduced the Recycle/Upcycle Challenge for April. Approx. 25 members entered items into the challenge and all were happy to receive a prize. We had recycled clothing, jackets and dresses, dollies made into a table runner, jeans made into dresses and bags, a sweater made into a bag, a trinket box from a valentine candy box, and a quilt from reused clothing. The program was fun and very entertaining. Alice Kish, Jeanne Hechmer and Becki Combs judged the entries and everyone that entered an item received a prize!

The meeting was adjourned at 11:45 am.

Respectfully Submitted, Lou Diefenderfer for Secretary Karli Abbott

Zoom Invitations

We will be sending all future Zoom invitations from the Bayside Quilters Zoom email address, baysidequilterszoom@gmail.com. Please make sure Bayside Quilters Zoom is a safe address for you so you don't miss any invitations to Zoom meetings.

Important Deadlines

The following are gentle reminders of some deadlines. Adhering to these dates make all our volunteer jobs easier.

Newsletter articles – 20th of month. They will appear in the newsletter that is sent out a week before regular meeting.

Reimbursement forms with invoices and/or receipts for Bayside expenses – Within 30 days of expense.

Reimbursement checks to you – Please cash within 30 days of receipt.

Payment for Workshops, Camps – Minimum of 10 days before event. Retreats will set a date that will be announced as needed.

You may have guessed by now that I like history, local, national and international. I mostly like local history because that's what has the most effect on my interests.

The newsletter that was sent (snail mail) in July, '93 noted three out of six officer slots were nominated. Probably the other 3 positions remained in place. A past programs was a Quilt-A-Thon sating 12 or more crib quilts pieced. July was designated a UFO month. For the August meeting members were asked to bring red, green, gold fabric scraps, and a favorite Christmas ornament pattern to make for Hospice Festival of Trees.

Jan McManus reported that she entered the YMCA wall hanging in the Talbot County Fair and won a Blue Ribbon. She also wanted to assemble a committee to "hammer out some

by-laws".

The pattern for the outgoing Presidents' Friendship block was published. A 6" finished Rail Fence made of 2 1/2" strips. A print on the top and bottom, muslin in middle with your name and message written in. "Shhhhhhhh Don't tell Lucia!!!!!!"

I hope you enjoy delving into Bayside Quilters past,

Nita Brayton Historian

News from FACES

Our guild is a member of the Fiber Arts Center of the Eastern Shore. We get many benefits from that membership. As a member guild we should be aware of the current events going on at the museum. Currently Colette Metcalf has a display of her gorgeous appliqué, pieced and red work quilts. The next display will be an assortment of members work for the early summer. Classes in both quilting and needlework of all kinds are ongoing. It's a fun trip to Denton to see the displays as well as the donated fabric, etc, that they sell to augment their income.

RANDOM THOUGHTS ALONG THE JOURNEY

by Carol Clarke

I've just returned home from a week in London with my daughter and her family. My daughter is interested in architecture and historic preservation so Liberty London was high on the 'must-do' list. She roamed the store while (or should I say whilst) I headed to fabrics. Of course, we all know the luxuriousness of Liberty of London fabric but as it really isn't quite right for quilting, I soothed my travel weariness by stroking gorgeous, iconic Liberty prints. What a store! I did find a section of London-themed Liberty prints that I don't think we can get here in the States, but at £29.95/m, I limited my purchases. Interestingly, the experience of fabric shopping there is not unlike it is here. Women sharing the appreciation of 'petting' fabric and conversationally laughing that it really isn't *needed* fabric but oh! so nice to touch; and sales ladies who were helpful in asking if you have enough for your project (project? what project?) or maybe you should have 'just a little more' Sound familiar?

My son-in-law and 13 year old twin grandsons were

keen on museums and places "to do stuff" so we all went to the Transport for London Museum in Covent Gardens. They have utilized the fabrics that are used to upholster the

Underground train seats to make all manner of bags and pillows and change purses - even socks!

thought a quilt I was making was "not good enough" ? Now I can barely wait to make a few "quick-down-and-dirty" quilts and practice my skills, knowing that the finished product would be welcomed as another layer for warmth and comfort in a place without much of either. It's doubtful anyone of these people would turn down a functional quilt because it was not pretty or the colors just were not quite matching or the quilting was wobbly. And it's not just war. The same is probably true for earthquake, flood, tornado, hurricane survivors no matter where they are. This whole exhibit was a lesson in gratitude for me.

Being a bag lady at heart, I had a hard time resisting getting a bag with Elizabeth Line fabric. But the part of the exhibit that really struck a note for me was a photo essay comparing the use of the Tube stations as bomb shelters in WWII in London and Ukraine today. The subway system in Ukraine is a place of refuge and shelter for many. Look closely in the pictures and see what the 'beds' are made of, what possessions the people have left. How many times have I

April 2024: Earth Day Challenge: Recycle /Upcycle

I hope everyone that attended the challenge had a good time! I would like to thank Jeanne Hechmer for her enthusiasm and energy on this topic. She definitely went over and above in inspiring us all! Also, Alice Kish was instrumental in assisting with this challenge as well. She is definitely an inspiration as well with her upcycled mittens and banners which she shared.

I would also like to thank everyone of the participants for sharing their creativity with the group. I think we all learned from this challenge.

May 8, 2024: Rachel Derstine

From Inspiration to Art Process (with a bit of coaching included!)

(This is a Zoom presentation that will be shared at the Trappe Firehall.)

Rachel will be presenting a PowerPoint lecture on the topic of where she finds inspiration for her art: Other artists, photographs, influences from life experiences. She will also discuss how to make effective quilts using art concepts such as limiting color palette, simplifying the background, using repetition of line, shapes, values and color throughout the work.

Workshop (ZOOM from your home.)

Workshop: This will be our **first Zoom** workshop! The most popular choice was on **Mini-Landscapes** which is a *half day (3-4 hour class)*. According to Rachel, this is a popular class that usually comes away with some wonderful results. You may not choose to sew during the class, but instead just assemble the quilt top. Then quilt your project when you finish in whatever method you choose. That is up to you based on your preference.

Currently, this will be available to all participants from their home via a Zoom link. ***The price of this Zoom workshop will be \$30.***

From Rachel:

Please join us for a full or half day workshop on easy mini landscape quilting using fused applique techniques. You may choose to make an 8" x 10" or 5" x 7" quilt. Some sample landscape background designs will be provided. Learn the techniques I like to use to create fantasy landscape quilts full of color and depth. We will create a background by piecing the sky, mountains and water then use it as a canvas on which to add more trees, mountains, foliage and moon or sun.

Students will finish the quilt in class or may perhaps, make more than one. Quilting and facing will be demonstrated and discussed. You also have the option of just having a zig-zag edge if you plan to mat and frame your mini quilt. \$20 kit is available for purchase at Rachel's Etsy store. It will contain background fabric, mountain, trees, foliage, rocks and sun fabric, batting, backing, and Mistyfuse. PDF supply list will be provided prior to class.

June 12, 2024: Deborah Boschert

Zoom Lecture

All about Art Quilts

What exactly is an art quilt? What can you look for in the art quilt category at a quilt show? Deborah will share an overview of art quilting materials and techniques. This is a great program for guilds who want to get a taste of the art quilting world... even if they make mostly traditional quilts.

Deborah Boschert is an artist, author and teacher. She creates art quilts with layers of fabric, paint and stitching. The personal symbols and details in her work reflect her experiences and feelings about places she's lived and the things she's done. In her art quilts, the tiny details are as important as the over-all design. As in life, every-day little joys complement the bigger adventures.

Her award-winning art quilts have been exhibited in quilt shows and art galleries throughout the United States and internationally. She has appeared on Quilting Arts TV and The Quilt Show. She is published in many books and magazines. Deborah is the author of *Art Quilt Collage: A Creative Journey in Fabric, Paint and Stitch*. Here are some of her quilts.

IN THE AFTERNOON FIELD TRIP! A visit to Covenant Quilting

This is a trip to visit Cathy at Covenant Quilting who will discuss long arm quilting and explain some of the requirements and why they are necessary. She has 2 machines, one is automated and we will be able to see that in action. (Trust me, this is very fascinating to watch!) The other machine will be set up for you to do a hands-on demo for operating the quilting machine.

We are asking that a \$5 contribution be made to register your place for the event.

July 10, 2024: Lecture: Cheryl See presents Anatomy of a Quilt (Specializing in Handwork)

This lecture provides an entertaining comparison of anatomy and quilts. I hope to make you laugh, inspire you, and teach a little along the way.

Workshop: Selvages and Embellishment (Handwork)

In this Half-Day workshop, we will work on embroidering a selvaige block. The Half-Day workshop will require prepping the selvaige block ahead of time. (Instructions will be provided to participants.) This class will be \$40.

We Need Kids Quilts!

Bayside's Outreach is currently supporting 3 kids groups! Talbot County Early Head Start, Caroline County Family Support Center/ Early Head Start. The Early Head Starts strive to ensure young children and their families have the resources they need to learn and succeed. (Source: Caroline County Public Library, Community Resources, My Family Needs) Ages are birth to 3 years. A great size for these little ones

are receiving blanket size or a little larger. Quilts are used in the Centers and are given to the children. And don't forget the little ones' families... many have siblings that are not in Early Head Start, but would love a quilt too. The Early Head Starts would love anything that will help the children and their families: hats, bibs, burp cloths, etc.

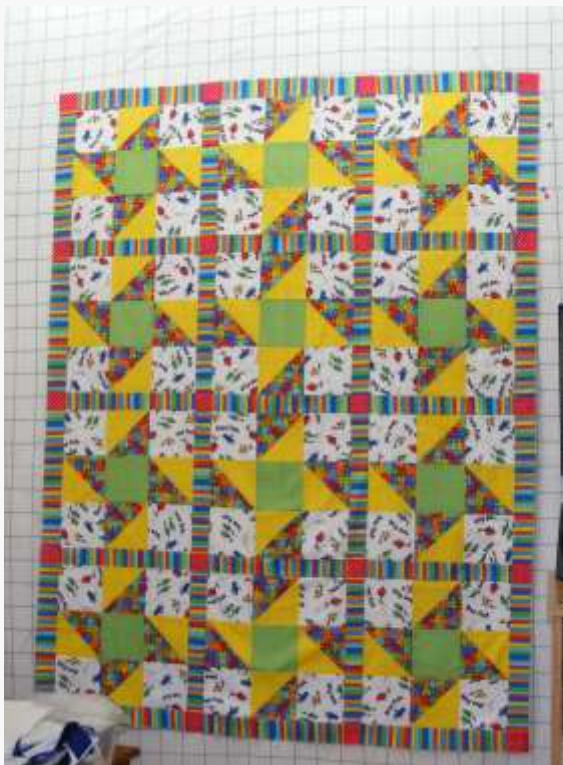

Bayside also supports Caroline County Department of Social Services, Child Advocacy Program. "CCDSS-Child Advocacy program is about supporting children ages birth to 18 within the auspice of Social Services. The main goal of all Child Advocacy Centers is to ensure that children are not traumatized by the very system designed to protect them.
